DETAILED ACTION

Claim Allowance

Claims 1-31 are allowed.

The following is an examiner's statement of reasons for allowance: The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. US 6,021,154 and US 5,730,811. The prior art of record does not suggest or teach a laser shock peening apparatus, particularly the single lasing rod and the electro-optic switch blocking the initial slow rise time of the primary beam from the free running oscillator and rejecting energy away from the beam path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
